# CAPTAIN CANNABIS
# QUESTIONS & ANSWERS

**Q** - Who is Captain Cannabis for?

**A** - Captain Cannabisis an edgy adult-oriented epic with a great cast of characters being told through a series of books, films, games and more. Its rich blend of humour and wrong-side-of-the-tracks sensibilities appeals to the rebel in all of us while the potent love-story thread and loveable characters are sure to tug heartstrings everywhere.

**Q** - What is Captain Cannabis all about?

**A** - Captain Cannabis is about unlocking our inner superhero.

**Q** - Captain Cannabis is a superhero, then?

**A** - Captain Cannabis is the antithesis of current 'superhero' archetypes that can be tantamount to hero-worship. He's about not surrendering our inner superhero, instead using it against the evil forces that sap the strength from deep within us.

**Q** - Does Captain Cannabis have superpowers?

**A** - Absolutely! The effects of the cosmic pot on Hal are that they cause an awakening of the latent powers within each of us. These include being able to read minds, see past and future, move physical things with the power of thought, and more. Check out CaptainCannabis.com for a complete listing.

**Q** - Who is Captain Cannabis in real life?

**A** - Captain Cannabis is the alter ego of one Halburt (Hal) Lighter, a fictional character. In the first issue we meet him in his early twenties after a shift driving bus for the local school. Struggling with musical aspirations, he's in a 'serious' relationship with high-school sweetheart Marion Jones. Both come from the wrong side of the tracks; she is driven to 'get out' while he's not driven to do much of anything other than smoking pot and chilling.

**Q** - What happens next?

**A** - Through a series of hair-raising adventures Hal uses some 'cosmic' pot that puts him in an altered out-of-body state. While there he manifests his 'Captain Cannabis' super-self who remembers he's supposed to be alive on Earth as Hal on a mission, but he forgets it all after he regains 'consciousness.'

*more...*

**Q** - What is Captain Cannabis' mission?

**A** - Find and eradicate the extra-dimensional force controlling human 'thought' before Earthlings destroy themselves.

**Q** - Every super HERO needs a super VILLAN; who or what is Captain Cannabis' nemesis?

**A** - As Captain Cannabis' powers grow over subsequent issues, so does the nastiness of the changing force he struggles to identify, making finding out that answer a central quest in this epic journey.

The action starts in No. 1 when a fiendish Lieutenant Ralph Bukster's squad of MIB-types invade Hal's apartment searching for a glowing green 'substance.' Finding nothing, they kidnap Hal's lady Marion, spiriting her off to face unknown perils leaving Hal feeling powerless.

**Q** - It's been 40 years since Captain Cannabis was first created. What has happened over that space of time?

**A** - The world has gone through one of those fundamental seismic shifts like moving from agrarian to industrial-centric society in the way we've adopted computers into our lives, only it's happened much faster. When this started, independent publishing and distribution of a book around the world was very expensive, if possible at all. Now we have the tools to not only create, but also bring those creations to a global audience. It's only now, forty years later, that the technologies are stable and widely adopted enough to move forward with a project like this.

**Q** - What is oKee.comX?

**A** - oKee.com is home to oKee.ComX, publisher of Captain Cannabis comic books and stuff. It is named after oKee, an alien from the planet iNdolent who crashes on Earth along with the stash of cosmic pot that finds its way to Hal. All will be revealed as the story unfolds!

**Q** - What does the future have in store?

**A** - Tons! On top of getting Captain Cannabis No. 2 ready for publication there is a comic series as well as a feature in the works. Visit CaptainCannabis.com or oKee.com to keep up with the latest Captain Cannabis news and information.
