CAPTAINCANNABIS.COM MOBILIZES FOR 20

VANCOUVER, BC, CANADA: Comic book creator and artist Verne Andru celebrates twenty years of CaptainCannabis.com with new mobile-friendly interface and guest appearances at the Calgary Comics & Entertainment Expo April 25th through the 28th, 2019 at Calgary Stampede Park.

Verne created the CaptainCannabis.com URL on April 22, 1999 to showcase his Captain Cannabis entertainment and lifestyle brand. “I’ve been involved in the online world since Compuserve in the early eighties. The modern internet grew from there during the late nineties, so CaptainCannabis.com has been around almost as long as the internet,” said Verne.

As the URL suggests, the website’s focus is on the Captain Cannabis comic books and character Verne created in the seventies. Back then, Canada’s move to legalize cannabis came to a grinding halt with America’s war on drugs which also targeted the network of independent head shops, denying the “Comics Code” unfriendly Captain his natural sales venue.

Today, the Internet provides a global marketplace for alternative works that have grown with the technology. To mark the anniversary, Verne is rolling out a mobile-friendly version of the website, something that wasn’t even considered in the nineties. The forward thinking website design gives visitors access to two decades of Captain Cannabis material via a scroll-and-poke interface that works best for people on the go.
